Lapere Rémy

remy.lapere@lmd.ipsl.fr
https://www.researchgate.net/profile/Remy_Lapere
http://www.linkedin.com/in/remy-lapere/

Scientific Interests

- Climate feedback of air pollution, long-range transport of aerosols, attribution of extreme pollution events
- Assessment and forecast of solar and wind energy resources

Education

2018 – 2021 — **PhD, Laboratoire de Météorologie Dynamique, École Polytechnique** in Atmospheric Chemistry, under the supervision of Dr. Laurent Menut and Dr. Sylvain Mailler.
Thesis: *Observing and modeling pollution events in Chile*. http://www.theses.fr/s257397

2017 – 2018 — **MST, "Energy Environment: Science Technology and Management" (STEEM), École Polytechnique, France**. 3.95 GPA.
Thesis: *Modeling the Impacts of Future Emission Scenarios on Air Pollution in Santiago, Chile*

2011 – 2015 — **Grande École d'Ingénieur, ENSTA Paris, France.**
Mathematical Finance, high honors.

2014 – 2015 — **Master's Degree, Université Paris I Panthéon-Sorbonne, France.**
Quantitative Finance, highest honors. Thesis: *Filtering, Hidden Markov Modals and Finance*

Teaching & Outreach

Teaching Assistant at École Polytechnique

Engineers — Renewable energy data analysis projects (wind nowcasting, optimal wind/solar mix)

Bachelors — Physics 101 lab sessions

Masters — Tutoring in maths and atmospheric sciences

Outreach

2019 — *Climate Change and Energy Transition on the Mediterranean* conference - Facilitator/redactor

2018 – 2020 — *Fête de la Science*: experiment-based introduction to Earth's climate and renewable energies

2020 — *Climate collage* moderator for École Polytechnique students

Employment History

2015 – 2017 — Consultant in the Finance Business Unit, Sia Partners, Paris, France.

2013 – 2014 — Life insurance structuring engineer, Axa Life Invest, Paris, France

Tools and methods

Code — Python, NetCDF, Fortran, VBA, LaTeX, Jupyter Notebook

Model — Modeling with CHIMERE, WRF

Satellite — Use of products from MODIS, IASI, CALIOP

Maths — Statistical analysis, time series forecasting, stochastic processes

Miscellaneous

Languages	French (mother tongue), English (TOEFL: 112), Spanish (B2), Japanese (beginner)
Trainings	DIM QI^2 school on Air quality, Paris, France
	Numerical modeling of the Ocean and the Atmosphere *MODNUMA*, Brest, France
	European Research Course on Atmospheres *ERCA*, Grenoble, France
Hobbies	Sports: basketball, running, cycling, aviation (learning pilot)
	Music instruments played: guitar, piano, saxophone
	Photography: astrophotography, nature, horse riding
